Thank you everyone for your wonderful support of Informers! It seems like only yesterday when Kyan and Mee started Informers and it just happened to help all the wonderful people here to be someone on the web and from John and Mee, I don't even remember how empty the place was. I think we had like 30 members and I suggested we do something to help our popularity. Hey, but that was over 1000 days ago. We have over 100 members and we're all growing everyday and its thanks to you! Love you that makes it all good. I'll keep supporting it as we have on new projects and support the website. MEE
